2026 PROGRAM

TALBOT AND ASSOCIATES SPEEDWAY

OUR STORY

What started out as a competition between brothers and friends has turned into a large event with over 100 participants and over 2000 spectators. Registered teams have 24 hours to build a go-kart and then race 200 laps around a quarter mile dirt track.

In 2009, during its inaugural race, 8 teams registered and raced. Since then, the event has grown, the track has moved and can now accommodate over 24 teams with room to grow.

Priding themselves in hosting a free event, St-Labre 200 has been able to raise funds since its first year. Their Giving Back to the Community campaign has donated over \$160,000 to local daycares, food banks, rehabilitation centres, and more.

OUR MISSION

Our mission is to gather the Southeastern communities of Manitoba in a unique event that provides:

1. Fun for all ages
2. Unique and friendly competitive events
3. An opportunity to support local business
4. A stage to showcase local talent
5. A venue to promote safety
6. An opportunity to give back to the community; and offer all this to the public with no admission fee

INNOVATION AWARD

In 2019, St-Labre 200 received the Manitoba Tourism Innovation Award. Economic impact in Manitoba, increased tourism and a new tourism product are the ideas behind this award. St-Labre 200 is proud to have given back \$160,000 to the southeast area all the while hosting a fun family event.

#1

GROUPE FINANCIER TÉTRAULT

WINNIPEG
MANITOBA

TEAM SONG:

"The Boys Are Back in Town"

"100% committed financially"

GROUPE FINANCIER

tétrault

TEAM BIO:

After years of mediocre racing and an unmatched commitment to trackside morale, the original Tétrault Wealth roster has entered unrestricted free agency. With one exception: Dominic. Veteran of exactly one season, he returns as the lone torchbearer while everyone else checked their calendars and went quiet.

The mission remains the same: survive 200 laps, avoid penalties, and chase glory. Or at minimum, a functioning kart.

GROUPE FINANCIER

tétrault

4

TEAM MEMBERS:

Dominic Namba - Team Lead

The remainder to be announced pending waivers, police background checks, and availability.

TEAM HIGHLIGHTS:

- Paying for a race we aren't attending
- Successfully meeting the print deadline for the bio
- Undefeated in races not attended (2026-present)

TEAM COLOUR: **COBALT BLUE**

#2

COMPTEURS DE BINES

ST. NORBERT, MANITOBA

TEAM SONG:

"Hot Rod Lincoln" - Commander Cody

"We're Accountants, not Builders"

TEAM BIO:

This team of accountants brings precision, patience, and perfectly balanced budgets to the track, just not trophies. Despite a flawless command of numbers, victory continues to evade them. Still, their ledgers stay clean, and their spirits high.

#5

THIBAULTVILLE THUNDER

**RICHER
MANITOBA**

TEAM SONG:

"We are The Champions" - Queen

"If you ain't first, you're last."

TEAM BIO:

This team of longtime friends reunite just one weekend a year, with enough chemistry and chaos to take home more than a few wins. Despite the distance and limited prep time, they always manage to click when it counts. Their secret? Laughter, loyalty, and a little bit of luck.

TEAM MEMBERS:

Rob Rowan (Captain)
Marc Gregoire
J.P. Lanouette
Al Lanouette
Pat Lanouette

MARCHAND, MANITOBA

TEAM SONG:

"You're The Best Around"
Joe Esposito (Karate Kid Soundtrack)

"The only loose chain is our
Captain"

TEAM BIO:

One of the 200 originals. This team builds for comfort first, knowing their aging drivers appreciate a smooth ride over sheer speed. They've tasted victory once and still remind everyone about it, often. While the pace may be slower in the pit, their karts are the comfiest seats on the track. They always aim for a top 3 finish.

SOUTHEAST

TEAM SONG:

"Hold my beer" - Aaron Pritchett

"Winning isn't everything... But finishing would be nice!"

TEAM BIO:

This team of good friends combines years of racing experience with a bond built through countless laps and late nights in the garage. With skill, strategy, and a shared love for speed, they're always a threat on the track. Win or lose, they race hard, have fun, and leave it all out there every time.

TEAM MEMBERS:

- Rich Nelson (driver)
- Jay Nosaty (welder)
- James Dmytriw (builder)
- Cory Mayer (builder)
- Gord Makara (welder, driver)
- Nolan Nosaty (builder)

STEINBACH, MANITOBA

TEAM SONG:

"Till I Collapse" - Eminem

"Why buy it when you
can rent it"

TEAM BIO:

Returning for their third year, blending the muscle of professional landscapers with the grit of a rental crew. Known for turning wrenches as well as they turn corners, they bring horsepower and humor in equal measure. Fueled by teamwork and two-stroke fumes, they're ready to mow down the competition!

TEAM MEMBERS:

- Alex (Team Captain/Builder)
- Stephan (Co-Captain/Builder)
- Kaitlyn (Driver)
- Deven (Driver)
- Oliver

TEAM HIGHLIGHTS:

Registration is an achievement in itself.

TEAM SONG:

"All Night Long" - Buckcherry

"We are PT!"

TEAM BIO:

An experiment in team building. This team took members from their Maintenance crew from 3 different locations and asked them to come together and build a competitive kart. Team Building at it's best.

MAIN EVENT

St-Labre 200 is a competition made up of three distinct elements in the pursuit of the prized Spark Plug Cup:

1. Build-Off: Materials distributed on Friday so teams can start building on site.

2. Heats: Teams race to 100 laps. Two races will classify each team in a different final. A-side are the top six teams of each heat. The bottom six teams move on to B-side.

3. Finals: A-side finals teams keep racing to reach 200 laps total. During the heat races if the 2nd place team finishes 98 laps when the first team crossed, they complete their last lap. Then during the finals will have to race another 101 laps to complete the 200 laps. B-side finals race 75 laps.

Redemption Road: The winner of the B-side final will advance to the A-side final. They will start the A-side final with their heat lap counting or the A-side kart with the lowest amount of laps, whichever is highest.

What are those letters the track volunteers are holding up?

15 second penalties are given to the associated team number for the following infractions:

- A) Reckless Driving
- B) Illegal Pass (Passing on a yellow)
- C) Driving off track (inc. hitting markers)
- D) Pit Lane Infraction

GIVING BACK TO THE COMMUNITY IS PROUD TO SUPPORT THE FOLLOWING:

Eggs are a vital part of everyday life. They are a staple for breakfast and are found in many recipes. We are proud to support the **Vita Area Food Bank** with the purchase of eggs.

There is no better sound then the laughter of children playing. We are happy to help the **Children of The Universe Learning Center** with the transformation of their outdoor area. Children will be able to learn and play safely in a new nature based play area.

With their upcoming 125 year celebration, Saint Joachim Parish is updating and renovating their church. Église Saint Joachim is a place where not only community gathers, but events and celebrations happen. We are proud to support **Project 125.**

T&A SPEEDWAY TRACK

Thanks to Unger Excavating and all their hard work. The Talbot and Associates Speedway track is exactly ¼ mile. With 200 laps it makes for a 50 mile race that will last about 2 ½ hours.

Contrary to all other races around the world the track will be running in a clockwise direction like last year.

Water will be added to the track to keep the dust down. Although this creates a muddy and slick track, it prepares the drivers mentally on how to drive and learn the potential of their carts in a slower environment. If the weather co-operates, the track will dry up gradually as the race progresses. As it dries up, drivers will get brave and pick up speed around the long straightaway and sweeping curves. If you see carts pulled over by the race marshal in the middle of the track, they are likely getting disciplined in the penalty box (See Page 28).

Using modern transmitter technology, go-cart laps are automatically counted. Our system is ranked for precise fraction of a second lap counting. Secondary checks are in place and every crossing is confirmed by highly trained lap counting technicians.
